Security of Supply

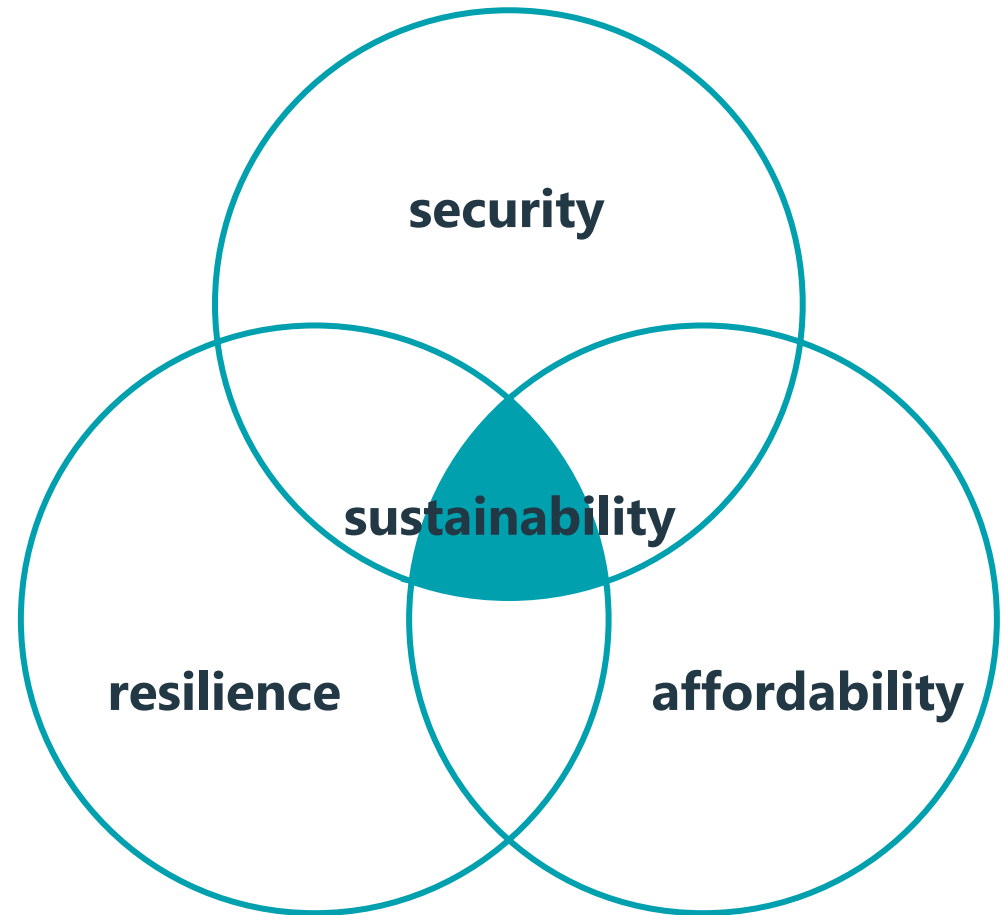

An Industry Perspective

Ellis Renforth, Senior Vice President – Upstream

24 May 2022

An intrinsically linked challenge

An impact felt
far beyond
the **gas price**.

The people

The resources

The pace

Industry in action.

Decarbonising
today.

Working together
differently.

Getting more out
of tomorrow.

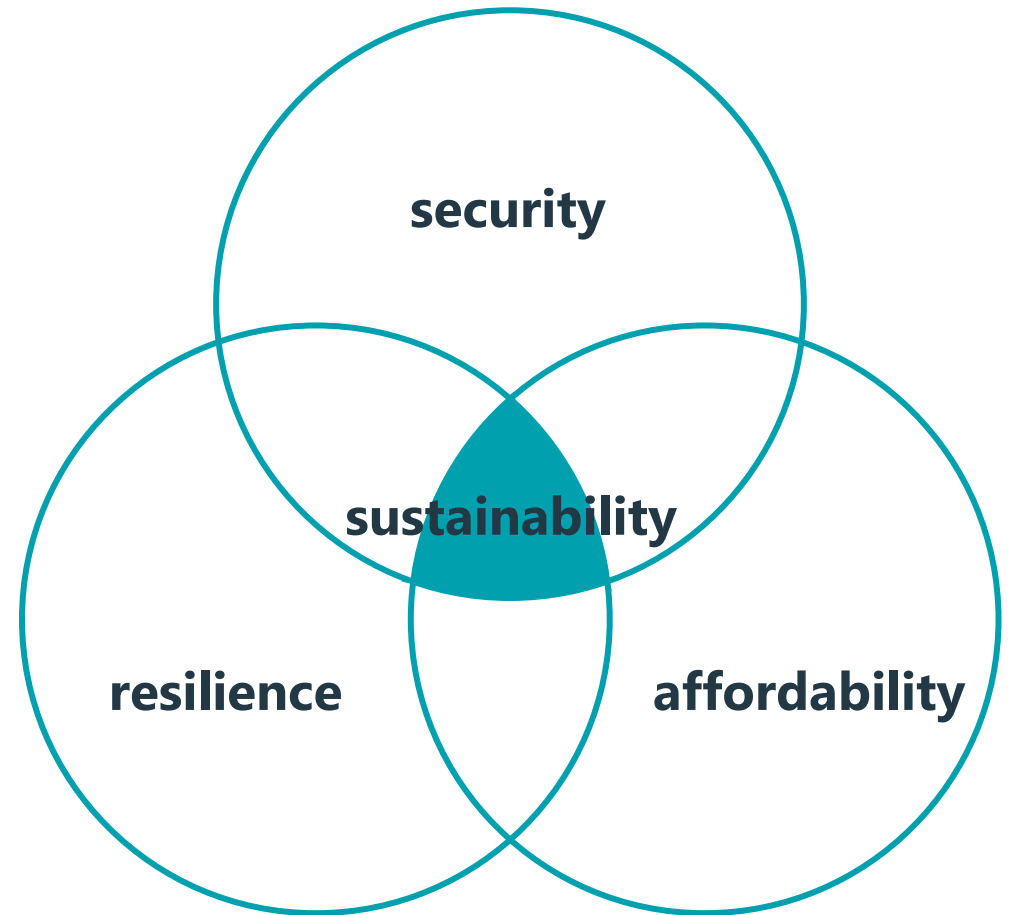

**We can do this
but the right
enduring support
is critical.**

**North Sea
Transition Deal**

**British Energy
Security Strategy**

**Scottish Energy
Transitions Fund**

**An intrinsically
linked challenge
means an
intrinsically
linked response.**
